Barro Colorado Nature Monument - Soberania National Park (01.01.2015 to 03.31.2015)

Year:

2015

Quarter:

January - March

Communications activities:

Patrick Jansen and Claudio Monteza went to the Autoridad Nacional del Ambiente (ANAM) de Panamá to present the goals, methods and some achievements of the TEAM camera trapping in central Panama to the officials.

Protocol Activities:

The Terrestrial Vertebrate protocol was run for the fifth time, on all 60 points. One camera was stolen, four more failed to record for 30 days. These five cameras were redeployed.

The Climate protocol was run as usual, but data download frequency has been lower than once a month.
